## PROFILE

Currently studying game design at Sheridan College, focusing on designing, planning, creating art, programming, and writing narratives for video games. Using Photoshop for 2D and 3D art, making 3D models in Maya, employing Twine to develop narrative structures, using Inkle to design puzzles, and integrating everything into Unity. Additionally, learning to collaborate effectively on team projects.

## TOOLS

- Unity/Unreal Engine
- Maya/Blender
- Twine/Inkle
- Photoshop
- Miro/Kanban
